

BV-BRC Test Report

D15. Serology Data Tab

Item to test	Serology Data Tab
URL	https://www.bv-brc.org/view/Taxonomy/11320#view_tab=serology
Prerequisites	None
References	https://www.bv-brc.org/docs/quick_references/organisms_taxon/serology_data.html
Tester(s)	Zach Wallace, Ron Kenyon
Test date	10-Feb-22 (original - passed), 9-May-2022 (follow-up - passed)
Test result	Passed

Overview

- Test the Serology Tab with example viral data.
- Test Filters.
- Test Serology Record.

Test Results

- Test results were verified by examination of returned data via inspection.
- All operations performed as expected, except download, which did not work.
 - Issue: Select and download button did not work.
 - Resolution: The bug has been identified and being fixed. It will be deployed to production in the next release.
